

- PRESCHOOL -

Frassati Catholic Academy Preschool is a faith-based NAEYC-accredited early childhood development program based in White Bear Lake. Our curriculums create life, learning and faith foundations for three, four and five-year-olds, preparing them for kindergarten and fostering their social, emotional, spiritual, cognitive and physical development. Frassati's nurturing environment promotes active learning while children grow, develop and become part of a community.

Our Mission

Frassati Catholic Academy is dedicated to educating students in a nurturing and encouraging environment grounded in the Catholic Tradition, inspiring a love of learning, and empowering students to grow in faith while sharing their gifts for the common good.

“ My son learned so much from the preschool program. The minute he started at Frassati I saw changes in his independence, confidence and daily structure. He loved his teachers and still talks about them and things he learned. He also started to form a great group of friends. I could not think of a better place to give my son a head start in life. ”

Child care is available for an additional charge. Please inquire with the school office for availability.

“The preschool at Frassati Catholic Academy was the perfect beginning to our daughters’ school years. The teachers are exceptional! They are very involved and committed in developing a bond with each child. At FCA, my children developed a love of learning about the world around them, built the foundation of life long values, social skills and created lasting friendships.

The smaller class size was great and my children were very prepared moving on into kindergarten! The communication between teachers and parents was spot on and we always felt welcomed into the Frassati family. We LOVE Frassati Catholic Academy Preschool!

–Sarah T., Parent

Preschool Curriculum

Language Arts

- Literacy skill-building: oral language and vocabulary development; letter recognition; sound, rhythm and rhyming skills; reading and comprehension
- Beginning handwriting skills utilizing the Handwriting Without Tears Curriculum
- Weekly visits to our school library

Science/Technology/

Engineering/Mathematics

- Developing math competency with number recognition, counting, ordering, classifying, patterning, measuring, comparing, estimating and graphing
- Beginning problem solving, predicting, experimenting, evaluating, communicating
- Introducing the basis for geometry with shape and spatial awareness
- Forming powers of observation
- Using tools
- Exploring the natural world and outdoor learning through the senses

Spanish

- 4-year-old and Pre-K classes meet weekly with the Spanish specialist

Outdoor Play & Physical Education

- Building gross motor skills, confidence and teamwork
- Promoting and practicing skills for healthy living

Arts & Music

- A partnership with White Bear Center for the Arts brings students lessons with a resident artist
- Cultivating appreciation for art and music through a variety of artistic media
- Discovering sound and music using voices, our bodies, instruments and “found” sounds

Faith Foundations

Each child is as a precious gift from God. We work to build the foundation for a life-long journey of faith within each of our students from the start.

- Experiencing prayer and spiritual growth in personal and group settings
- Building an awareness of God and the many gifts he has given us
- Encouraging a life of service to God and to others
- Celebrating the liturgical year, listening to Bible stories and learning about the lives of saints

Fun Foundations

PLAY—an essential element for growing minds—is part of our program every time children attend class. (Shhh!! We meld play with learning and social/emotional development opportunities whenever possible.)

- Encouraging fun through friendships and getting to know our classmates
- Creating opportunities for creativity and exploration
- Providing outlets for creativity and personal expression
- Nurturing behavior that is respectful and caring toward others and our world

Community Foundations

Frassati Preschool is part of something bigger – a community of God made up of students and families, faculty and staff, and members of the church. Our program fosters community involvement even within the youngest of students.

- Connecting and interacting with our K-8 school community
- Participating in church and school events
- Promoting volunteer work and giving back through service projects

Learning Foundations

Cognitive development and kindergarten readiness are fostered through a hands-on, multi-sensory approach to learning. Areas of teaching for maximum intellectual growth are determined by the STREAM method for multi-discipline learning.
